Ahmed AlMoselhy

Senior Software Engineer | Creatio CRM Developer/Solution Consultant

Cairo, Egypt | +20 111 700 1262 | Email | LinkedIn | GitHub | Portfolio

PROFESSIONAL SUMMARY

Senior Software Engineer, CRM Developer and Creatio Solution Consultant with 5+ years of software engineering experience, including nearly 2 years hands-on Creatio CRM experience and extensive delivery across Ericsson Order Care (EOC/ECM). Experienced in leading internal Creatio initiatives, solution design, low-code/no-code configuration, business process automation, integrations, and cross-functional delivery. Strong technical background in C#, JavaScript, REST APIs, databases, production support, and enterprise CRM environments.

PROFESSIONAL EXPERIENCE

Senior Software Engineer - Qeema

Dec 2022 - Present | Cairo, Egypt

Deliver CRM and order management solutions across design, development, integration, platform upgrades, and production support.

- **Creatio CRM:** Led multiple internal Creatio projects across solution design, development, configuration, and implementation. Supported technical design decisions, guided team collaboration, and helped build Creatio knowledge, hands-on capability, and certifications.
- **EOC/ECM Development:** Designed and implemented solutions for the Jawwy DT project, collaborating with business, QA, integration, and operations teams to validate requirements, test integrations, optimize functionality, and support post-release activities.
- **EOC/ECM Upgrade:** Played a leading role in the EOC/ECM upgrade from v20 to v22, coordinating with infrastructure, integration, and application teams to validate compatibility, resolve technical conflicts, and support smooth implementation.
- **L3 Support:** Provided advanced application support, root-cause analysis, defect resolution, and production issue handling while coordinating with operations, integration, database, and development teams on complex issues.

Software Engineer - Serv5

Oct 2021 - Nov 2022 | Mansoura, Egypt

- **Full-Stack Development:** Delivered web applications and backend services for local and regional clients, improving functionality, reliability, and maintainability.
- **API & Deployment Support:** Integrated third-party APIs, supported deployments and post-sales technical issues, and contributed to code quality and workflow improvements.

CREATIO PROJECTS

- **Lead-to-Cash - Internal Project**

Built a Creatio solution covering the end-to-end journey from lead to invoice.

Role: Senior Creatio Developer | **Modules:** Sales, Product Catalogue, Contracts, Projects, Billing & Invoicing | **Tech:** Creatio, C#, MSSQL, PostgreSQL, REST APIs (OData), clio
